

## EVOLUTION ANNUAL MAINTENANCE KITS

### IMPORTANT NOTES ON EVOLUTION AM KITS

- \* Kits below provide parts required for typical AM.
- \* Ignitor electrodes should be carefully cleaned and inspected as part of Annual Maintenance.
- \* Replace ignitor if found to be worn, damaged or cracked
- \* Confirm Model, Size and Build Date based on the unit's Serial Number
- \* Order the appropriate Gas Pilot Ignitor (Based on Build Date) and O-Ring
- \* See ignitor information at the bottom of the page

### Evolution 500

Part #	Qty	Description
81156009	1	Air Filter, Paper Element & Pre-filter Replacement, EV-500
8205608	1	Gasket, Pilot
EV-AMINST	1	Evolution Annual Maintenance Instructions

### Evolution 750 - 1500

Part #	Qty	Description
81156011	1	Air Filter, Paper Element & Pre-filter Replacement, EV-750/1500
8205608	1	Gasket, Pilot
EV-AMINST	1	Evolution Annual Maintenance Instructions

### Evolution 2000 - 2000S

Part #	Qty	Description
81156012	1	Air Filter, Paper Element & Pre-filter Replacement, EV-2000/2000S
8205608	1	Gasket, Pilot
EV-AMINST	1	Evolution Annual Maintenance Instructions

### Evolution 2500-3000

Part #	Qty	Description
81156101	1	Air Filter, Paper Element & Pre-filter Replacement, EV-2000/2000S
8205608	1	Gasket, Pilot
EV-AMINST	1	Evolution Annual Maintenance Instructions

## EVOLUTION ANNUAL MAINTENANCE KITS

### Evolution Ignitors **(Order to replace worn, cracked or broken ignitors)**

**EVOLUTION GAS PILOT IGNITOR / ELECTRODE**  
(Determining which Gas Pilot Assembly you have in order to purchase the right Gas Pilot Ignitor / Electrode)

		
<p>This was the original gas pilot assembly (made of steel). This gas pilot ignitor is no longer available. Therefore, you will need to order the following pilot assembly:</p> <p>~ PN#62356110 - Natural Gas ~ PN# 62356210 - LP Gas</p> <p>However, if the UV scanner is OK, then you can deduct this part (PN#8026145) from the</p>	<p>This was the second gas pilot assembly (made of cast iron) used. We still carry the gas pilot ignitor. It is:</p> <p>~ PN# 82356008 - ULX1 (2 set screws attached to ignitor)</p>	<p>This is the current gas pilot assembly (made of cast iron) being used. The gas pilot ignitor is:</p> <p>~ PN# 111644-01 - ULX2 (Brass nut, units shipped after April, 2003). This PN# includes the O-ring.</p>

Part #	Qty	Description
62356110	<b>1</b>	Natural Gas Pilot Assembly <b>(Original Models EVH)</b> ; or
<b>OR</b>		
62356210	<b>1</b>	LP Gas Pilot Assembly <b>(Original Models EVH)</b>
<b>OR</b>		
82356008	<b>1</b>	Gas Pilot, Ignitor, ULX1 <b>(2 Set screws attached to ignitor)</b>
<b>OR</b>		
111644-01	<b>1</b>	Gas Pilot, Ignitor, ULX2 <b>(Brass nut, Units shipped after April 2003)</b>
<b><u>NOTE:</u> Refer to the Gas Pilot Ignitor/Electrode Pictures above to Help Identify Which You Need.</b>
